Customer Service Guidelines

a) What is Customer Service?

Customer service means “100 % Satisfaction Guaranteed.” Staff members are to provide service to guests in a professional and courteous manner. Cashiers are expected to show these qualities for good customer service. Most importantly, always remember to treat the customer as if you were the customer. Remember to always follow our Value Statement:

I value every individual's right to have a quality experience.

Things to remember:

- First impressions impact guests and staff: always smile and speak to the customer by saying, “Hello, how are you today?” Also, remember your manners by saying “please,” “thank you,” and “you’re welcome.”
- Last impressions are very important, as well, so make sure you tell the customer to “Have a great day.”
- Cashiers should say aloud what the customer is purchasing as you are ringing the items up. This ensures accuracy and prevents items from being forgotten.
- As cashiers, you might be asked to do something against policy by the guest. Remember these three keys while explaining policies, procedures, regulations and laws:
- **Show empathy.**
 - (1) Explain to the guest why it is set up the way it is.
 - (2) Give an alternative solution.
 - (3) Always make good eye contact with the guest.
- Know your products - especially the daily specials.
- Remember the three keys to service success: Greet, Listen, and Respond!

b) Probationary Period

Cashiers are given a certified name tag once they have completed cashier training consisting of either online or manual training along with register training lasting up to two days of monitoring. Cashiers are put on a probationary period of two weeks once completing cashier training. During this time, cashiers will wear a name tag that acknowledges them as a “Cashier in-training.”

c) RECEIPTS

Dining Services has a no print receipt policy for Dining units or areas where receipts are not utilized in preparing food. All credit card and employee meal transactions will receive a receipt. For all other transactions ask the customer if they would like a receipt. For refunds follow refund log procedures and get a manager.

Manually Entering ID's Numbers

Keying in ID numbers for a student that has forgotten their ID will result in a write up not a counseling form.

SPECIAL NOTE: NO PENS, NO FINGERNAILS, NO CARDS, NO HARD, POINTED, OR SHARP OBJECTS ARE TO BE USED ON THE TOUCHSCREENS!

***ONLY FINGER TIPS ARE ALLOWED ON TOUCHSCREENS!
NO PENS!***

Types of Transactions

This next section explains how to ring-up customers according to the form of card transaction they are using. It includes all the various types of payments that Virginia Tech Dining Services accepts.

A. Flex Meal Plans

1. Ring up all items purchased.
2. **Press <CSGOLD>**
3. Swipe customer ID card.
4. Check screen to insure transaction has went through before ringing up another order.

B. Dining Dollars, Hokie Passport, or Flex Addition

1. Ring up all items purchased.
2. **Press <PAY>**
3. **Press <DINING DOLLARS>, <HOKIE PASS>, or <FLEXADDITION>**
4. Swipe customer ID card.
5. Hand receipt if applicable with ID to customer.

C. Credit Cards (MasterCard, Visa and Discover only. “American Express only at Owens Food Court”)

REMINDER CREDIT CARDS, CASH AND EMPLOYEES TRANSACTIONS ARE NOT TO BE ASKED IF THEY WANT A RECIEPT. THEY ARE TO BE GIVEN A RECEIPT.

Upon signing onto the register, check Register and Grubhub kiosk credit card terminals for any tampering.

Process:

1. Ring up all items purchased.
2. **Press <PAY>** on register.
3. Press **<Credit Card>**.
4. Screen will display a message to have customer either swipe, insert chip card or tap using their NFC smartphone.
5. **While the customer is processing their credit card the screen will lock.**
6. When using Chip the terminal will instruct customer when to remove their card.
7. **Receipts will only print for chip cards.** Customer is to receive when applicable the credit card receipt and must receive a register receipt every time.
8. If a transaction is over \$25.00 the customer must sign receipt. Keep signed receipt and hand to customer the duplicate receipt along with the register receipt.
9. Place all credit card receipts in drawer slot or where designated when drawer is not applicable. Make sure to retrieve all receipts to turn in with your deposit paperwork.

If you need to have a refund performed on a credit card, get a manager right away. Do not let the quest leave. Politely ask the quest to wait while you get a manager.

Food Court and Hokie Grill will select on registers right or left for what side the customer is on. Registers there that have only one terminal will press left to process credit cards.

Canceling a credit card transaction:

1. If you need to cancel the transaction after you have pressed the credit card key BUT before the credit card has been inserted, swiped or tapped you will need to press the red button on the credit card terminal.
2. Pressing the red button will produce a <Failure-User Cancel> on the register.
3. Press <OK>. The screen will then unlock.
4. **Void items on screen and proceed to ring up next order or re-ring credit card order.**

D. Virginia Tech Campus Police Plans

Virginia Tech campus police receive a daily \$3.00 discount on meals in all units. This plan works like a Dining Dollar account. After the \$3.00 discount, they are responsible for covering any remaining balance. This plan is only active during the academic school year.

To ring up a campus police discount, cashiers must:

1. Ring up all items purchased.
2. **Press <CSGOLD>**
3. **Swipe ID**
4. **Press <ENTER>** to deplete \$3.00 discount.
5. **Press <PAY>**
6. Select option for tendering remaining balance.
7. **D2 will Press <PAY>, Select Dining Dollars, Swipe ID.** Then follow directions 4-6.

E. Employee Meals

Employees can purchase **PREPARED** foods only. Retail Pre-packaged foods are not included in an employee meal plan; examples include, but are not limited to: candy, gum, ice cream, bottled/canned drinks, yogurt cups, Pop-Tarts and packaged cereal. One milk and or one bag of chips is allowed in all a la carte units. Turner Place does not allow specialty coffees. **NO SHARING ALLOWED on the employee meal plan; one employee per meal plan/meal card and must be used only by the individual the meal plan or meal card was issued to.**

To ring up employee meals: Ring in all items purchased **except fountain drinks and water cups; press** pay screen; **select** employee meal key; **swipe** the <Employee Meal Card> or the employee's Hokie Passport to subtract the accepted equivalency for that meal period. If a remaining balance is due, this can be paid for on another account such as Hokie Passport monies or with credit card. After completing the sale, **the employee is to receive a receipt.**

Turner Place employees may eat at any of the locations including franchise shops in Turner Place.

REMINDER: Only Dining Services Employee's are allowed a free fountain drink.

F. Employee Welcome Meal

Every new salaried employee on Campus will receive one free breakfast or lunch at D2 or a \$10.00 voucher to be used at any a la carte Dining Services dining center. The \$10.00 is uploaded onto the Faculty/Staff's Hokie Passport ID under the Hokie Passport account. In order to redeem they will need their Hokie Passport ID with them. For the a la carte units they can use a little at one unit and go to another unit later and use the remaining if they chose too. For the a la carte units the \$10.00 is good for the day.

Process:

1. Ring all items
2. Press<PAY> Select Hokie Passport
3. Swipe Employee ID card
4. If over \$10.00, employee is to pay remainder
5. Attach receipt to voucher and turn in with your paperwork

Hokie Passport Policy

LOST ID POLICY

If the student has lost their ID card, inform them that they can be deactivated instantaneously by logging into www.hokiepassport.vt.edu and selecting the Deactivate Your Card button or contact the Hokie Passport Office at 231-5121 (Monday-Friday, 8 a.m. - 5 p.m.), or the Virginia Tech Police Department at 231-6411 (after hours) so their ID card can be protected from misuse. Student must have a driver's license or another form of photo identification in order to report your lost ID.

The university assumes no responsibility for illegitimate purchases from your account prior to your notifying the proper authorities that it is lost or stolen. All customers wishing to use a dining account to purchase food must present their Hokie Passport ID for payment. In order to protect your account, there will be no exceptions.

Customers who have **lost** a Hokie Passport ID will need to do **one** of the following in order to eat:

- If Monday - Friday before 5:00 p.m.: Go to the Hokie Passport Office located in 100 Student Services Building to obtain a new Hokie Passport ID card.
- If Weekdays after 5:00 p.m. or on the weekends: Go to Owens Food Court to request and complete a lost card disclaimer. This disclaimer will allow you to eat at Owens Food Court, D2, (they cannot eat at West End Market, Hokie Grill, Squires Food Court, Turner Place, DXpress or Deet's Place). You will be required to obtain a new Hokie Passport ID by 5:00 p.m. the following business day.
- Or pay cash

After re-validating their account, they will need to take their new ID to the dining center where they ate to ensure their account has been correctly updated.

Dining Dollars and Hokie Passport Accounts cannot be accessed without a student ID card.

Hokie Passports

When a customer is using their Hokie Passport as a method for payment, you must make sure that the person purchasing food is the same person pictured on the Hokie Passport. If it's not (the pictures don't match), you must Confiscate the Hokie Passport and inform a manager immediately. Simply explain to the customer that they aren't allowed to use another person's ID unless that person is present to tell you it is ok. It's to protect the owner of the ID's money. As stated in the student handbook that the university can confiscate ID if a card has been misused, duplicated or altered.

Unidentifiable or Unreadable ID Cards

This is the procedure to follow to insure that students do get their ID fixed in a timely manner.

Cashier must inform student that their card is no longer acceptable to be used because it is not identifiable or readable (examples listed below). Inform student that their ID will be turned off the next business day by 1:00 pm and they need to go to the Hokie Passport office to have a new ID made. (Note: Friday's logs will not be turned off until next business day which is on Monday). **Cashiers are not to confiscate the ID but direct student to take their ID card to Hokie Passport. (THIS WAY THEY WILL NOT HAVE TO PAY FOR ANOTHER ID).**

Cashier will fill out a Hokie Passport log with all information (number, name and justification in detail).

Cashier will turn Hokie Passport log in with their deposit.

When an unreadable ID must be manually entered a duplicate receipt must be attached to the Hokie Passport log.

These are some examples of unacceptable cards:

- ID's where the picture on the ID is no longer present
- ID's where you are unable to identify the person by the picture
- ID's where the student number or name is unreadable
- ID's where the magnetic strip is damaged in a way that will not allow the ID to work properly without manager assistance.

These issues will need to be fixed as soon as possible.

d) Balance Inquiry of a Customer's Current Account

If a customer does not know their account balance, you can check a customer's balance at any time by going into the PAY screen.

To Balance Inquire any Dining Plan:

1. Press <PAY>
2. Press <desired inquire key > i.e. Dining Dollars Inq
3. Swipe ID card
4. Press <CLEAR> to clear screen or <ENTER> to print balance

e) Insufficient Funds on a Card Based Transaction

Cashier will receive warning for insufficient funds.

The warning will indicate the transaction balance and the remaining funds available.

Press <CLEAR> to cancel. **NEVER PRESS ENTER UNTIL YOU KNOW THAT THEY ARE ABLE TO PAY BY OTHER MEANS.**

Ask customer how he or she will pay for the remainder via additions to meal plan or credit card.

Make sure to **inquire ALL accounts for additional money before you press <ENTER>** to ensure they have enough money on another account to cover their meal.

Use remaining account balance only if the customer has a way to pay for the remaining balance through another account or with credit card.

Note: Once a transaction has been partially tendered, the sale must be completed, and it cannot be cancelled. "DO NOT VOID ITEMS" "YOU MUST GET A MANAGER" The sale must be finished using some other form of payment. If you have pressed enter and the customer does not have any other way to pay you will need to get a manager. DO NOT LET THE CUSTOMER LEAVE UNTIL THE MANAGER HAS RESOLVED THE TRANSACTION.

TIME OUT	TILL #	CARD #	AMOUNT	CASHIER'S NAME (PRINT)	TIME IN	REGIST ER #	AMOUNT	BAG #	CASHIER'S SIGNATURE	CASH OFF./ MGR INITIAL	C.C. + or -	+ OR -	VOIDS

Starting a shift:

At the beginning of each shift, cashiers must fill out a register log following these guidelines:

Receive your clerk card:

1. Time out is the time you **get your clerk card**.
2. Card number is the **last three digits** on the front of the clerk card.
3. Print cashier's name. **Do not use signature.**

Returning your clerk card and paperwork:

1. Time in is the time you bring back your clerk card.
2. Register number can be found on the right side upper box above the tool bar on the registers sign in screen.
3. Sign your name.

Note: Register log should not be completed until you have filled out a shift report and are ready to turn in all your paperwork.

Register Set-up

At the **Beginning** of each shift. The cashier is required to inspect the credit card machine(s) for their register and the credit card machines for all of the Grubhub kiosks associated with their shop for any tampering.

Due to changes in credit card security measures it is vital for there to be daily inspections of all credit card terminals for any "skimming devices" prior to operation of the register. Skimming devices are electronic readers that are placed on legitimate credit card machines by fraudsters to steal credit card information when the customer swipes their card. These devices pose a serious risk to customers and opens those customers up to identify fraud and theft. Included at the end of this manual are some examples of skimming devices.

If any skimming devices or evidence of tampering is found, even if you're not positive, **immediately** get the cash office supervisor or a manager. Once a device is confirmed by Virginia Tech IT security, Virginia Tech Dining will be required by law to contact all customers who used that credit card machine since the last "Documented Inspection".

a) To Begin Shift

1. Sign in to register by swiping Clerk Card

b) Leaving register for break

1. Tender out any transaction.
2. **Press <CANCEL TRANS>**
3. Screen returns to sign-in screen.

c) To sign-in after returning from break

1. Swipe Clerk Card
2. If you get a message about RVC not matching:
 - a. **Press <OK>**
 - b. **Press <CHANGE EMPLOYEE>**

d) To Reprint a Customer Receipt

1. **Press <FUNCTN SCREEN>**
2. **Press <REPRINT RECEIPT>**
3. Enter check number.
4. **Press <ENTER>**

e) To Print receipt in areas that print receipts on demand

1. **Ask all customers except credit card and employee meals would they like a receipt. Credit card customers and employees are to receive a receipt.**
2. **Ring up order, swipe Hokie Passport according to pay type.**
3. **Press <PRINT RECIEPT> on main screen to print receipt when customer wants a receipt.**

f) To Log Out

1. **Tender out any transaction.**
2. **Press <FUNCTN SCREEN>**
3. **Press <REPORTS>**
4. **Press <MY EMPLOYEE REPORT>**
5. **Press <Run>**
6. **Press <PRINT>**

g) Credit Card Terminal Report

1. **Press < REPORTS>**
2. **Arrow down and select “Server Reports”**
3. **Press <DETAIL REPORT>**
4. **Press <ONE>**
5. **Enter Clerk Card Number**
6. **Press Green Enter Button**

h) Register Tape

To re-fill printer register tape, remove the previous roll of tape from the printer, remove tape from taped roll, and place the new roll in the dispenser with the open end of tape facing toward the front of the dispenser. Pull about 6 inches of tape out, close lid and tear off excess tape. Extra rolls of tape should be stored under or near the cash register.

Sick Meal Policy

Students who are sick or unable to visit a dining facility due to a temporary physical disability (e.g. broken leg or back injury) can make special meal arrangements. The manager of any dining facility must be called in advance to arrange for this service. The individual requesting this service must provide the name of the person who will pick up the meal, a meal preference, a time when the meal will be picked up, a telephone number where the student can be reached, and the Hokie Passport of the person requesting the meal.

The individual requesting the meal should write down the name of the manager coordinating the sick meal and give it to the person picking up the meal. A special pass will be issued for these circumstances. Person picking up the meal or meals must see the manager to pick up the special pass to give to the cashier.

Students must call the manager for each sick meal needed. If the illness or temporary disability extends over two days, a doctor's note detailing the condition must be presented to the manager. The friend or roommate will purchase the sick meal using your card (as the purchaser) and then have their card swiped (no charge to the friend's card...so there will be an official record of who used your card under this program).

CASHIERS PROCEDURE FOR SICK MEAL

First receipt

1. Press Sick Meal Key
2. Ring ONLY items that are for the ill student
3. Press <CSGOLD or PAY> (whichever is applicable)
4. Swipe the ill student's ID
5. Print duplicate receipt

Second receipt

1. Press <SICK MEAL> key
2. Press CSGOLD or PAY (whichever is applicable)
3. Swipe friend's (the purchaser) ID
4. Staple SICK MEAL receipt and DUPLICATE receipt to sick meal pass
5. Turn in sick meal pass with receipts in with deposit

Voids and Refunds

a) VOIDS

1. **Highlight** the item to be voided
2. **Press <VOID>**
3. **Highlight** reason for voiding item on the screen
4. **Press <OK>**

NOTE: Reason 8 & 9 are for refunds and testing ONLY. Reasons 8 & 9 are not to be used for void reasons. Excessive voids are considered to show poor quality control and lacking in pride. Exceeding 20 or more will result in a cashier void counseling form. Three cashier void counseling forms can result to removal from cashing or termination depending upon severity of incident.

Units where headcounts are 500 or below should be in the excess of 5 or more voids, Headcounts ranging from 501 to 1000 should be in the excess of 10 or more voids. All other units above 1001 transactions will follow the excess of 20 or more voids.

b) REFUND LOG

All refunds are done at the time of the incident. **Only managers** can perform refunds. Cashiers should find a manager right away if a refund needs to be made.

Cashiers are to fill-out the top portion of the refund log, only managers are to fill out the information regarding the refund. Managers need to be as accurate and detailed as possible when filling in the reason. Rang wrong item is not sufficient, i.e. rang fountain drink but really had a bottle drink.

Manager is to fill in:

1. Original check #
2. Fill in reason (Rang wrong item is not sufficient, must be a detailed description)
3. Sign manager signature
4. Write **R** in front of refunded check #
5. Write below refunded check # corrected check # when applicable

Process for refunds without receipts to be corrected next day:

- A Refund Log will be filled out by cashier using the lower section of the Refund Log. All data on the refund log must be completed (date, clerk number, register number, department name and cashier's name) in full on top portion of refund log.
- Additionally, the Hokie Passport ID number and the detailed reason for requesting of a refund are required when filling out the bottom portion for next day refunds. All information is to be turned in with the deposit paperwork.

Important Miscellaneous Information

a) Dining Containers and Bags

All bags and containers are to be opened at the register.

If you cannot see everything in a bag or box, then ask the customer to pull the items out to show you.

Failure to do this will lead to a write up, which may lead to suspension or termination.

b) Verifying ID's

Cashiers will verify All Hokie Passport ID's insuring ID matches to the person presenting ID before swiping at the register. For Misuse of an ID, get a manager.

c) Offline Procedures

Occasionally the registers may go offline. Inform a manager whenever a register goes offline and when it returns online. This way, they can monitor the situation and report as necessary.

To ensure that the customer's meal is taken off the correct account, cashiers are to ask all customers what meal plan they have. All meal plans will show that they are charged for the entire amount including tax and no discount was given. Please inform the customer that our registers are offline, when they go back online, all discounts will be applied.

You may receive a prompt to GO ONLINE when the register is able to go back online. Select go online and swipe offline card.

Employee meal when offline: Ensure that their meal is \$10.53 or under. When offline the register does not know to not include tax therefore \$10.53 is the amount with tax. If over \$10.53 follow these procedures.

1. Press <Pay>
2. Type in \$10.53
3. Press <Csgold>
4. Swipe Employee card.
5. Employee is responsible for any remaining balance by paying with Hokie Passport or credit card.

d) TO-GO CONTAINERS

Virginia Tech Dining has two different types of To-Go containers; a green reusable container and white compostable paper container. After asking a customer if they are dining-in or taking their meal To-Go, ask them if they would like a green To-Go container. Only give the customer a compostable container if they specifically ask for one. After confirming their choice of container please ring in which container they chose. Despite the Green container being free we still need to track how many are being used.

e) Troubleshooting:

Note: When Inquiring csgold look at message. If a patron should not be eating a certain meal the message will read "No meals for me"

INSUFFICIENT FUNDS IN- ACCOUNT FOR PAYMENT	Patron is using remaining balance in their account. Press CLEAR, check for other means of paying for remaining balance. Only press enter if positive that patron has other means of paying.
GOLD TENDER INSUFFICIENT- FUNDS OR NO MEAL PLAN PERIOD INFO	Meals and or money have been used or No meals for that meal period.
PATRON INFO NOT FOUND	Patron has plan but no money in Hokie Passport or Patron does not have a Hokie Passport account
PATRON INACTIVE- ACTIVE FLAG FALSE	Patron account is not active because one of the following situations: Not a registered Student, resigned, or has been deactivated. Call Hokie Passport

f) LOST CARD:

The lost card message will read: "CSGOLD TENDER ERROR- MEDIA, LOST CARD CODE INCORRECT, PRESS ENTER OR CLEAR". ALWAYS PRESS CLEAR. INQUIRE WILL READ ACCOUNT INQ. ERROR, PRESS ENTER OR CLEAR.

Patron is using a lost card. Make sure it is the same person as is on the ID. Ask patron if they have another card, if yes explain to them you must confiscate the lost card, and the card will be kept at the Hokie Passport office. Use other card if they have it. If not inform patron they must go to Hokie Passport office to remove lost card flag. If you need help explaining this policy; call a manager. Patron may pay with cash or leave product while they go to Hokie Passport.

End-of-Shift/ Close Out

a) Information

At the end of each shift cashiers will bring all their paperwork back to the cash office to be reconciled. The following items are necessary to have in order to complete the deposit:

- Credit card receipts (when applicable)
- Shift report form
- Refund log with receipts attached (when applicable)
- Hokie Passport log (when applicable)
- Grand Total report (when applicable)

b) Step-by-Step Procedures

1. Press <Function screen> then select <Reports>. Select <My- Employee rpt>. Select <Print>.
2. Check the name of the unit where sales were made on the shift report.

3. Print your name.
4. Fill in date with the current month, day, and year.
5. Indicate the register number that you operated
6. Fill in the clerk card number "last three digits"
7. Fill in amounts for Credit Card totals.
8. **Sign signature (above checklist). DO NOT SIGN UNDER DEPOSITOR'S SIGNATURE.**
9. Finish completing Till Log.

REMINDER:

Cashier will run their own **My Employee Report** and Fill out **Shift Report**.

COMMENTS:

Revised 7/29/19

Points of Emphasis

These are some procedures that are commonly done wrong, and need to be done properly in order to make our dining facilities as seamless as possible

1. **ONLY FINGER TIPS ON THE TOUCH SCREEN-** Do not use anything else but your fingertips to make selections on the touch screens. Pens and other objects will damage and wear out the screen.
2. **DO NOT SHARE CLERK CARDS-** Do not sign someone else into a register with your card, likewise do not let another cashier use your register until you have logged yourself out. While you are signed into a register, you are responsible for the register. If you allow another cashier on your register and they unbalance your cash drawer, you are the one that will be held responsible for the error when it comes time to turn in your till.

DO NOT SIGN INTO MORE THAN ONE REGISTER WITH YOUR CLERK CARD

3. **ALL CREDIT CARD/CASH TRANSACTIONS REQUIRE YOU TO GIVE AN ITEMIZED RECEIPT TO THE CUSTOMER-** It makes no difference whether or not they want the receipt, you must give them one. You will need to manually print another receipt for these customers. This is a university wide policy that has been set by the controller's office.
4. **ALL CREDIT CARD TRANSACTIONS ABOVE \$25 MUST BE SIGNED BY THE CUSTOMER**
5. **STAPLE \$25+ CREDIT CARD RECEIPTS ON THE RIGHT HAND SIDE OF THE SHIFT LOG-** Separate them from the other CC receipts and staple the regular receipts at the bottom in the middle of the shift log. This makes the auditing process much easier.
6. **BEFORE STARTING A SHIFT, INSPECT THE CREDIT CARD TERMINALS AND GRUB HUB KIOSKS FOR ANY TAMPERING-** The bursars office requires that all credit card terminals must be inspected to see if any data stealing devices have been attached to the terminal, which could result in sensitive credit card information being stolen from customers

Suspicious

Safe
